

PA692A

Rugged Handheld Computer

Stay competitive

The PA692A is a rugged mobile computer that combines the latest 4G wireless communication and advanced performance to provide the best data communications in today's aggressive business environment. PA692A also offers field-based workers with a host of data collection tools and a comprehensive wireless communication platform, all in a compact, durable and ergonomic form factor.

Faster and more productive

Powered by industrial grade 1.5GHz Dual Core processor and runs on a flexible Android 4.3 Operation System, PA692A delivers the faster performance in highly mobile environments. In addition to 1GB Mobile DDR RAM and 8GB NAND Flash to boast ample internal memory, PA692A also supports microSD expansion with an additional 32GB of storage capacity for data-intensive applications.

Rugged design

Able to withstand multiple 5-foot drops to concrete and IP65-sealed against water and dust, the PA692A is an extremely rugged outside-the-four-walls device you can count on to perform under harsh conditions. This durable design mitigates device downtime that negatively impacts business critical applications. The PA692A features a comprehensive wireless platform that includes integrated GPS, PAN, WiFi and 4G connectivity. The PA692A's external antenna for WWAN and WLAN ensure excellent wireless connectivity and performance. Field mobile workers can easily access information and accelerate their workflow while they're on the go.

All-in-one Functionality

PA692A offers 1D/2D scanning capability and a high resolution 5.0 megapixel digital camera, combining multiple functions in one compact size which reduces the cost to purchase different devices. It enhances the service levels in ticket tracking, identity asset management applications.

Accessories and options

PA692A offers various model options and accessories to fit your needs. Complement your mobile solution with various communications and charging cradles, extended batteries, car kits and headsets - anything and everything you'll need to make the PA692A the ideal rugged handheld solution for your mobile workforce.
